

# Uchechukwu Cos-Ibe

[ucosibe@gmail.com](mailto:ucosibe@gmail.com) • [LinkedIn](#) • [Portfolio](#)

## SKILLS

---

- Cloud Platforms: AWS, Google Cloud Platform (GCP), Microsoft Azure
- Infrastructure as Code: Terraform, Ansible
- CI/CD Tools: Jenkins, GitLab
- Containerization: Docker, Kubernetes
- Scripting Languages: Python, bash
- Monitoring/Logging: Prometheus, ELK stack
- Databases: PostgreSQL, Redis
- Operating Systems: Linux

## PROFESSIONAL EXPERIENCE

---

**Imbod**, Cloud Engineer, May 2022 – Present **Lagos, Nigeria**

- Automates the deployment of cloud infrastructure using Terraform, provisioning VMs, storage buckets, networking components, and managed services such as Cloud SQL.
- Creates infrastructure as code templates, reducing deployment time by 70% and increased infrastructure reliability.
- Develops and maintains CI/CD pipelines for the company's e-commerce web application using GitHub, Container Registry, and Cloud Build, resulting in reduced deployment errors.
- Configures automated testing, build, and deployment processes, ensuring efficient and error-free production releases.
- Builds scalable and fault-tolerant systems on GCP using Compute Engine, Cloud Storage, and Cloud SQL, optimizing system performance during high traffic periods.
- Implements security best practices on GCP, resulting in zero data breaches or incidents.

**First Bank Nigeria**, Database administrator, April 2021 – May 2022 **Lagos, Nigeria**

- Implemented database encryption techniques to safeguard data at rest and in transit.
- Optimized SQL queries, reducing response times by 30% for large datasets.
- Collaborated with cross-functional teams to provide data-driven insights for product development and business strategy.

**The Sparks Foundation**, Data Science & Business Analytics, September 2020 – April 2021 **Remote, Singapore**

- Developed Developed interactive visualizations and dashboards using Tableau to analyze customer behavior, product usage, and marketing campaigns.
- Conducted data analysis to drive revenue growth and cost optimization.
- Presented insights and recommendations to senior management.

## EDUCATION

---

**Federal University of Technology Owerri**, September 2016 – May 2021 **Imo, Nigeria**

Bachelor of Technology in Computer Science

## CERTIFICATES

---

- Google Cloud Certified Professional Data Engineer | [Verify Here](#)
- Google Cloud Certified Associate Cloud Engineer | [Verify Here](#)
- LPI Linux Essentials Certification | [Verify Here](#)
- Exam AZ-305: Designing Microsoft Azure Infrastructure Solutions

## PROJECTS

---

- **Provisioning Ubuntu VMs with Terraform and Running Ansible Playbook:** This project demonstrates how to provision 3 Ubuntu VMs on Google Cloud Platform (GCP) using Terraform, running Ansible playbook to configure the VMs. [Link to project](#)
